THE GLA LOFTS PROCESS

WHY CONVERT OR EXTEND YOUR LOFT?

Converting your loft can be a great way to add additional living space whether it be Bedroom, Bathroom, Home Office or Private Studio space.

Maximises Living Space:

Loft conversions add extra rooms without losing garden space, ideal for growing families or those needing more room.

Cost-Effective Alternative to Moving:

Rather than relocating to a larger home, converting the loft is often a more affordable option.

Increased Property Value:

A well-executed loft conversion can significantly boost the value of your home, making it a smart investment.

Minimal Disruption:

Unlike moving or building an extension, loft conversions cause minimal disruption to your day-to-day life.

Utilises Wasted Space:

Transforming an unused attic or loft area into usable living space makes the most of the square footage you already own.

Adds Natural Light:

Loft conversions often incorporate skylights or dormer windows, flooding the space with natural light and enhancing its appeal.

Customisable Design:

Loft conversions can be tailored to meet specific needs - be it an additional bedroom, home office, or even a private studio.

Energy Efficiency:

Loft conversions offer the chance to improve insulation and energy efficiency, lowering heating bills in the long term.

Better Use of Vertical Space:

Loft conversions optimise underused upper-floor space, especially in homes with high ceilings or tall roofs.

Fantastic job by Terry and the team. Completed the job early and under budget. The guys were very professional and left the place tidy at the end of each day. Terry gave us every bit of confidence in him.

- MANDY

Extremely impressed by Terry & his team. We could not be happier with our loft conversion. They were fantastic to deal with. Would not use anyone else for any future joinery work! I highly recommend!

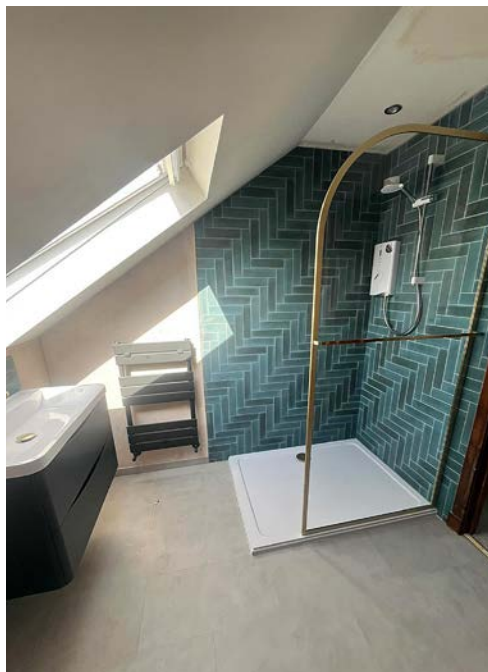

- LAUREN

Fantastic! We are absolutely delighted with our loft conversion. It was a dusty unused space with no flooring and now we have the most amazing master en-suite. Terry was fantastic from day one, was brilliant to deal with and really helped us make sure we made best use of the space. The team arrived bang on time every day, worked really hard and tidied up each day. All the team were lovely and the attention to detail and quality of work was outstanding. I can honestly say there was not one bit of stress throughout the whole job and it was complete on schedule.

If you are looking for a loft conversion then this is definitely the company you should use!

- MACKENZIE

Terry and the team did an excellent job. There was very little upheaval and no mess. Arrived every day on time and worked very hard. We highly recommend them!
